AGING BACKWARDS

Instructor: Carol Smith

Did you know that we can choose how we want to age? Most of us are unaware that the process of aging is triggered by cell death. In an Aging Backwards class, Carol explains how you can slow down and reverse the speed in which your cells die, showing scientifically how anyone can stay feeling young and vibrant their entire life!

Price: \$71

MYOFASCIA STRETCH AND RELEASE

Instructor: Elise Seehagel

The fascia is a soft connective tissue located just under the skin. It wraps and connects the muscles, bones, nerves, and blood vessels all together. Muscle and fascia together make up what is called the Myofascia system. The technique used in this program is gentle, sustained pressure on the soft tissues while applying traction to the fascia, which results in lengthening and softening (release) of the fascia, as well as the breaking down of scar tissue between skin, muscles, bones, and internal organs. In this class you will learn how to stretch safely and effectively, and receive the tools you need to develop your own stretching practice, gain range of motion, learn how to recover from

previous traumas, help relieve inflammation, and prevent injury.

Wednesday 12:45 pm - 1:45 pm
April 11 to June 20 (9 classes)
No Classes May 9 and May 30
Price: \$54
