GARDENING WORKSHOPS

Are you interested in gardening? The St Albert Seniors Association has a gardening club where we have designed a pollinator garden in our backyard and have experimented with various herbs and vegetables growing for our bistro.

Do you want to join us in our planning and maintenance of the gardens?

Gardening has been shown to benefit one's mental health by improving moods and lowering levels of stress and anxiety. It is also beneficial for one's physical health. Working in the garden is an enjoyable way to improve your strength, flexibility, and mobility like a whole-body workout. Breathing fresh air working outside improves your lung health, digestion, and immunity.

The sunlight while working outside will also increase your Vitamin D levels which has been shown to improve your bone health and may reduce certain types of cancer. Working together in a garden brings people together. It reduces loneliness and forms new friendships by having a common goal. You will feel a sense of satisfaction when you see the accomplishments made.

Planning for 2025 will start in February/early March. Please leave your name and contact information at the front Desk.

Message from one of our garden volunteers:

I have worked in many yards over the years, but I get a special feeling from our pollinator garden. The results I get from working in our garden have me not wanting to leave...even when it's getting dark. I found new friends that have the same style that I have as well as friends that teach me something new.

Our pollinator garden can be a place of meditation and reflection and accomplishment.

Just a friendly reminder: St. Albert Seniors Association is a scent-free zone. Many of our members have severe allergies to perfumes, hairsprays, and aftershaves. We ask you avoid the use of scents as scents can cause migraines, asthma, and other respiratory distress. Thank you for your cooperation.

FACILITY RENTAL

The St. Albert Seniors Association offers a variety of room rental opportunities to fit your event.
